

DAILY
PUBLIC LEDGER

WEEKLY REPUBLICAN—1897.
DAILY PUBLIC LEDGER—1898.

MAYSVILLE, KY., TUESDAY, JUNE 26, 1906.

ONE COPY—ONE CENT.

Mr. Clarence Conrad and Miss Minnie Minton, both of this city, were married Sunday at Cincinnati.

Mrs. George H. Turnipseed, during the absence of her husband, will visit her parents at Rectorville.

With the new street and sewer improvements in full blast, and harvest time in bloom, is there a reasonable excuse for idle men? All who want it can get work at fair wages. Now is the time to lay in your winter coal, bog and hominy.

We are making low prices on Silverware, Cut Glass, Clocks, and in fact anything in our line now on hand for less than "regular prices." On account of Home-Coming look up your needs in these lines and come to us. See what we can do for you. P. J. MURPHY, the Jeweler.

At a regular meeting of Pisgah Encampment No. 9, I. O. O. F., last evening the following officers were elected for the ensuing term—
C. P.—Charles Haucke.
H. P.—James Kains.
S. W.—Linden Woods.
J. W.—Duke Rudy.
Scribe—John W. Thompson.
Treasurer—James Childs.
Finance Committee—J. L. Daulton, W. R. Pecor, Simon Nelson.
District Deputy—George Schwartz.

Special services of an evangelistic order are being held in the Central Presbyterian Church this week, the Pastor, Rev. W. W. Akers, doing the preaching. Services every night, beginning at 7:30. The first fifteen minutes are spent in song and praise service. A chorus choir will lead in the singing. Miss Georgia Harbison of Augusta will assist in the singing tonight and favor us with a solo. The subject of the sermon for this evening's discussion is "God's Tender Appeal to the Sinner." Ezekiel 33:11. All are cordially invited to attend these services.

The first section of the 24-inch sewer tiling was put down in Market street last evening.

LOOKS MIGHTY GOOD

Successful Trial of a New-Fangled Fire-Fighting Appliance

Yesterday afternoon, at the request of Mayor Stallem and several members of the Committee on Fire Department, representative firemen tested a new device for extinguishing fires.

The chief feature of the appliance is that it gives the nozzleman complete control of the stream. If it is necessary to pass through a room where there is no fire in order to get to the one where there is, by a simple device he can shut off the stream, and this act opens a valve near the plug and the surplus water escapes through it. Just as soon as the nozzleman resumes throwing water in the building, the valve near the plug automatically closes itself again.

Another feature is a "spraying" device at the nozzle, which will drive the smoke away from the nozzleman.

The appliance appears to be a success, and it is probable that the Council will purchase one for each of the Companies.

While perched on the highest point of the turret of the Masonic Building painting the cupola yesterday morning Kelly Loman was an object of solicitation by pedestrians passing along Market and Third streets.

NOTICE

On and after July 1st our office will be at the Old Gold Mills. We will pay the market price for good milling wheat. Will keep the best grade of flour. Would be pleased to see our old customers. E. B. POWELL & Co.
June 26th, 1906.

BUSINESS FOR SALE.

After an active career of forty years, I wish to retire, and now offer for sale the most prosperous Millinery Business in Maysville. Store for rent. None but those with cash need apply. Possession at once.
Mrs. L. V. DAVIS.

New Sample Pinno \$150 at Gerbrich's. See notice from the Executors of the late Colonel W. W. Baldwin.

Robert Fox, the colored man whose sudden death was noted the other day, was insured in the Metropolitan for \$226 and \$150 in the U. S. F. Endowment Fund. The latter sum goes to his young son, Charley.

THE HOME STORE.

D. HECHINGER & CO.

THE HOME STORE.

There is Nothing More Comfortable Nor More Dressy Than a

Dark Blue Serge Suit

Owing to their popularity, suits of this material (we mean the best) have materially advanced in price; in fact, are now hard to procure at any price. In anticipation of the demand for them we bought perhaps more than any other clothing house in the state, and buying them early secured them for much less than they are now worth. We have today probably 75 suits, single and double-breasted; some cut for long men, some for short and stout men and a good many, what clothiers term, regular, meaning the average size and weight man. We sold them at \$18, \$20, \$22.50. From now until the last suit is gone we give you choice of the lot for \$15 Cash. Just in, another invoice of the celebrated R. & W. White and Fancy Vests.

THE HOME STORE.

D. HECHINGER & CO.

The best Ice Cream Soda and Phosphates are at Ray's Soda Fountain, 5 cents.

Mr. Robert Chisholm of Fayette, West Va., has returned home after a visit to his parents, Mr. and Mrs. M. C. Chisholm, of East Second street.

Miss Alberta Helmer, who has been ill the past five weeks at her home in West Second street, is improving.

LOOK SWEET! BE SWEET! KEEP SWEET! This can be by using "H. & E." Pure Granulated Sugar. M. C. RUSSELL Co.

The fifth annual meeting of the Kentucky State Bar Association begins tomorrow at Winchester.

Spreading rails derailed six cars of West-bound C. and O. Freight No. 71 at Dayton Sunday morning.

This is the season to buy good Monumental work cheap. See MURRAY & THOMAS.

Mr. J. H. King of Hamilton, O., who has been the guest of his son, Mr. Samuel King, of Forest avenue, and Superintendent of Schools C. D. Wells, left for his home yesterday.

Warm Weather
.... Wear

We present the following closing-out values in garments especially adapted to the season—

| | | |
|----------------------------|-----|-----------|
| MEN'S Summer Underwear | 19c | worth 25c |
| MEN'S Elastic Seam Drawers | 35c | worth 50c |
| MEN'S Nainsook Drawers | 39c | worth 50c |
| MEN'S Imported Hosiery | 19c | worth 25c |
| LADIES' Summer Vests | 7c | worth 10c |
| LADIES' Mercerized Vests | 19c | worth 25c |
| LADIES' Lace Stripe Hose | 19c | worth 25c |

One lot Madras and Lace Stripe White Goods—1,200 yards—worth 35c and 25c per yard, at 15c.

J. M. NESBITT, Executor

Mrs. Margaret Childs left Sunday on a visit to the family of Mr. W. N. Rudy at New Albany, Ind.

Rev. R. M. Giddens will speak tomorrow night in the Christian Church at Washington at 7:45 on "Prohibition." Public invited.

Now that County Attorney Thomas D. Slatery has provided a pretty cottage in Williams street, it is intimated that handsome Tom is casting about for a bird to occupy the gilded cage.

The Street Committee and Contractor Henkel had a heart-to-heart talk yesterday afternoon. It seems the work on the new streets was not progressing to suit the Committee, hence the tete-a-tete.

The river is receding rapidly and it will not be many days until the bathing beach on the Ohio side below the city will be in splendid condition for bathing. Last season bathing parties were quite the thing.

That part of Plum street South of Fifth presents a novel and pretty sight at the present time. The street is one mass of hollyhocks, all in full bloom and of a hundred different hues and colors. It might appropriately be called Hollyhock avenue. The sight is a pleasing one and well worth seeing.

The engagement of Mrs. Nina Bridges Hamilton, formerly of this city, now of Columbus, O., to Mr. A. E. Diesem, manager of the Hucher & Gibbs Plow Works of Canton, O., is announced, the wedding to take place in July. Mrs. Hamilton is the eldest daughter of Mr. S. P. Bridges of the Fifth Ward and has many friends who wish her a happy future.

COUNTY COURT AND STOCK SALES.

Next Monday, July 2d, will be the regular Mason County Court and Stock Sale Day. There will be free ferriage for our Ohio friends and bargains offered by our merchants for all. If you have horses, mules, cattle or sheep for sale, it will be good time to dispose of them.

Beautiful Beechwood.

The new attractions put on for the week at Beautiful Beechwood are among the best that have been seen at this popular resort this season. Miss Harriet Schab, the clever little singer, opened the bill in her character singing and talking specialty, followed by the illustrated song, "In Dear Old Georgia." Mr. and Mrs. John Powers made a tremendous hit, their musical numbers completely captivating the audience. The show closed with the Kinodrome Moving Pictures, which are clear and distinct and without flicker. You cannot afford to miss the good things to be seen at the Park this week.

HOONE—PLUMMER.

Mr. Otis G. Boone, aged 23, of Manchester, O., and Miss Fay P. Plummer, aged 21, of Mason county, were married yesterday morning in the County Clerk's office, Judge C. D. Newell officiating.

LINEN NEWS

Pure linen and Hunt quality—you don't need other guarantee.

MAYSVILLE—ON THE OHIO, nestling in a valley as picturesque as the most favored of the Hudson or the Rhine, is an ideal spot for those who desire a home in the midst of scenic beauty unsurpassed in all the world.

Watch Maysville Grow!

It is the capital of Mason county, located in the famous Bluegrass Region, where the farms are highly productive of all the staples, while it is the home of the celebrated White Horse Tobacco, and the center of the District which alone produces it. The city has right now a population of 10,000, and the number is increasing every few days. There are good schools, public and private; Churches of all denominations, the finest system of water-works in the United States—with three active distilleries to forestall a possible famine. We have an electric street railway, gas and electric lights, manufacturing industries so diversified that "dull times" have comparatively little effect. There are two daily passenger trains each way between New York and Honolulu, and five each way daily between the city and Cincinnati over the Chesapeake and Ohio Railway, and four daily trains each way over the L. and N. to and from all points in Central Kentucky—so if you don't like the old town after a fair trial, there are ample facilities to get away. There are Lodges of all sorts of Masons and Oddfellows, big fellows and little fellows, Redmen, Knights of Tythias, P. O. S. A.'s, Junior Order, Nacabees, Eagles, Buffaloes, Elks, Knights of St. John, Grand Army Boys, Confederate Veterans, Sons of Rest, with two members of the Legislature—and if you want any others we'll get 'em. We have two daily newspapers, a free public library with accomplished lady librarians, and as a further means of disseminating news there are innumerable sewing circles and card clubs among the Church members. These embrace a few of Maysville's present attractions; others will be added during the current summer, notably Home-Coming Week, the Fourth of July and brick streets.

If you like the prospect, come and live with us; we will do you good—say the "do" softly, please.

Now, just watch Maysville grow.

WELL! Just sit back and watch the fur fly when Governor BECKHAM and your uncle "Oily Jeems" get fairly "under weigh" in the Senatorial shindy.

CHICAGO is getting better. The Sheriff has just hanged a brute who ravished and then murdered a prominent woman at midday in one of the most traveled sections of that city.

WASHINGTON dispatches say that during the debate in the House on amendments to the Pure Food Bill Congressmen STANLEY and SHERLEY of Kentucky exchanged "spirited" remarks—a very natural thing for Kentucky Democrats to do, not only during a controversy, but both before and after.

The macaroni manufacturers having formed a \$2,500,000 Trust, it is now in order for the embalmers of Limburger cheese to go them a little stronger—say \$2,500,000.62.

The Public Ownership Commission of the National Civic Federation of the United States will this week conclude a month's investigation of municipal ownership in Great Britain; and after they're through over there, it mightn't be a bad idea for the investigators to take a shy at the Cincinnati Water-works or the Boston Printing Office, as bright examples of American political municipal ownership.

I HAVE always favored a Protective Tariff, because I worked for a living; but I am now convinced that the Tariff is a scheme to keep up the wages of American workmen as well as to protect American manufacturers, and that Free Trade will enable me to buy foreign-made articles much cheaper than I can buy those made at home, unless American mechanics agree to work for the same wages that are paid to European mechanics. Therefore, let us have BILLY BRYAN, Free Trade and 15 cent shirts—even though we have no work to earn the 15 cents.

The United States Steel Corporation has sent out an order to its vast army of employes forbidding any officer or employe of any company owned or controlled by the Steel Corporation, under pain of instant dismissal, to accept any present, whether it be for Christmas, a wedding, a birthday, or any other pretext, coming from any person or corporation doing business with subsidiary companies of the corporation or the corporation itself. Officers and employes are forbidden to accept stock in any such concern as a reward for services rendered, or to be rendered, and the ownership of such stock will have to be satisfactorily explained to the directors. This order is the outgrowth of the disclosures made in the investigation by the Interstate Commerce Commission of railroads.

Mr. and Mrs. King Willett are spending a few days at the chicken farm at Winchester, O.

FOR SALE—FLUFF!

This delicately harmless fluid will keep the hair in curl in the dampest climate for 24 hours or more. It is a great improvement over the curling iron, as there is no danger of burning, singeing or injuring the hair. Price 50 cents. For sale at Mrs. ARCHDEAUX'S Millinery Store.

L. M. LANE, Maysville, Ky.

Rev. Carey Morgan, who acceptably filled the pulpit of the Christian Church Sunday, returned home to Paris yesterday. The Reverend gentleman was favorably impressed with our up-to-date little city.

COOKING WITH GAS

Its Merits Ably Demonstrated Yesterday at Neptune Hall

In response to the general invitation from the Maysville Gas Company, Neptune Hall from 3 to 5 o'clock last afternoon was one of the busiest places in the city.

In the pleasant second-story room, suitably arranged, began the week's Cooking-With-Gas Demonstration, presided over by two artists in their line. The Maysville Gas Company was fortunate in securing the services of the Misses Kolb of Princeton, Ind., well known throughout the states, and the success of their opening event yesterday promised not only delightful social afternoons this week for the ladies, but, through the excellent ideas suggested in cooking and the public exhibition of the usefulness, economy and cleanliness of gas ranges, a benefit to mankind as well.

In the past few seasons the gas range has been known to hide fair finally to supplant the coal cooking stove. Aside from the general cleanliness attending its use, the absence of the intense heat during the hot weather, and the quickness with which it can be made ready for use, are enough to bring it into the good graces of the painstaking housewife.

Its sterling qualities were brought out quite forcibly yesterday afternoon in the speed and dexterity with which a toothsome menu was prepared.

Broiling chops, baking cake and biscuits, roasting bread, preparing mashed potatoes, and asparagus, were the specialties yesterday, and the merits of the stove for all purposes were most ably demonstrated.

The Misses Kolb explain the various ways of using the stove burners to economize in fuel, as well as giving the recipe of any of their dishes.

They are at their room at Neptune Hall in the morning and will welcome any ladies who may wish to call and examine the different styles of ranges and try the recipes under their direction.

Their demonstrations will continue the remainder of the week from 3 to 5 p. m., the menu for each day being—

Tuesday—Roast beef with gravy, Fraconia potatoes, corn pudding, custard.

Wednesday—Broiled beefsteak, potatoes, French fried potatoes, popovers, lemon pie.

Thursday—Baked chicken with stuffing, scalloped tomatoes, maitre d'hotel potatoes, prunes with plain frosting.

Friday—Planked fish, scalloped potatoes, macaroni with veal, creamed beans, sunbline cake, cafe noir.

Saturday—Upon request any part of the preceding menu will be repeated or an extra menu will be supplied.

Hattie Piersall, colored, formerly of this city, died at her home in Washington Sunday night.

Latest reports indicate a splendid yield of wheat, with a tendency on the part of farmers to again hold back crops to await better prices.

William Anderson and Harry West, the two young men arrested for disturbing the quietude and desecrating the Sabbath by firing off fireworks in Limestone street, were tried in Police Court yesterday. West was fined and costed \$10.50 and Anderson was dismissed.

There is a movement among the members of the Bar of the Ninth Congressional District to boost Hon. E. L. Worthington of this city for the Democratic nomination to fill the vacancy created by the resignation of Judge Paynter on the Appellate Bench. The vacancy is now filled until the next general election by the Governor's appointee, Judge J. M. Lansing of Boone county.

ADVERTISE MAYSVILLE.

The Board of Trade has gotten out a four-page leaflet setting forth some of the many advantages which Maysville has as a manufacturing center. Some of these have been put in the hands of the merchants with the request that they inclose them in their letters. This will cost nothing and may bring great results. Surely there is no citizen who will fail to take advantage of this opportunity to say a good word for our city. These leaflets are gotten up in a very attractive way and will be read by all who receive them. If you have not been supplied, you can get them by calling at my office, 215 Court street. JOHN DULEY, President Board of Trade.

RAILWAY MATTERS

Big Four Route—New York Central Lines

Announce low rates for the following conventions:

Denver, Col., July 18th-21st—National Convention H. P. O. E.

Milwaukee, Wis., August 14th-18th—Fraternal Order of Eagles.

MARTHA A. BALDWIN, Executrix.
W. E. McCANN, Executor.
June 26th, 1906. J-26 1m

STATE COLLEGE of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz.: Agricultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Civil Engineering, Mining Engineering, each of which extends over four years and leads to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty Professors and instructors.

County appoints twelve million, room rent in dormitories, fuel and light, and if they remain ten months traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. The matriculation for the last year was, including summer school, 215.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science and arts.

The State College of Kentucky is the only institution in the Commonwealth doing, in any proper sense, university work.

The completion of the College Home for Young Women provides facilities for good board and lodging. It is well equipped with all modern conveniences, including bathrooms and a room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classical, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the state offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

A new Library Building will, through the generosity of Mr. Andrew Carnegie, be erected during the next collegiate year.

The Normal Department will be on a better footing than ever heretofore. Last year's largely increased attendance, with the unprecedented growth of the Summer Normal School, both indicate that an era of prosperity surpassing that of all previous years has opened for the Normal Department of the State College.

For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission, apply to
JAMES K. HATTESON, Ph.D., LL.D.,
Or to D. C. Frazee, Business Agent, Lexington, Ky.

Full term begins September 13th, 1906. 25 1w

PHONE 177.

WEEKLY REPUBLICAN—1907.
DAILY PUBLIC LEDGER—1895.

Value of Statistics!

The value of the improvement of the Ohio to a nine-foot stage cannot be stated in words. Nor does it need to be stated to the merchant, the manufacturer, the farmer, the miner or the lumberman conducting his business enterprises in the valley of the Ohio or in the country tributary to it. The value of the Ohio as a highway of commerce and trade was appreciated by Washington when he urged the Virginia House of Delegates to awaken to the vast importance of the Ohio and to the means to secure the rich and fast developing trade of the Ohio Valley. He insisted that it could be captured by Virginia, by way of his projected canal connecting the headwaters of the Ohio with the Virginia rivers, utilizing Willis creek as part of the chain of waterways which would enhance the trade and commerce of Virginia and divert from the Pennsylvania much of the trade they were enjoying because of their command of the Allegheny, the Monongahela and the Ohio.

Franklin also saw and appreciated the enormous resources of the Ohio Valley. While acting as the agent of the colonies in England, prior to the war of the Revolution, he strongly urged the English to seek the Ohio Valley because of its wealth of mine, field and forest, the adaptability of the soil to farming and to the raising of tobacco, its riches in iron and in coal and timber. He also demonstrated in his pamphlet that merchandise, agricultural products and ores could be transported to England by way of the long voyage down the Ohio and the Mississippi to Liverpool cheaper than the Pennsylvania could carry the same amount of freight across the mountains to Philadelphia, to say nothing of the cost of ocean transportation.

The facts involved in the question of transportation remain today as they were in the days of Washington and of Franklin. The trade and commerce of the Ohio Valley has increased more than a thousand fold and therein is the sole difference—valuable and encouraging though it may be. But it can safely be stated that with the improvement of the Ohio to a nine foot stage, insuring navigation all the year round, the trade and commerce of the valley would increase within one-fourth of a century to a greater degree than it has increased since the days when Franklin saw the riches of the valley and its possibilities. The building of the Panama Canal makes that fact assured.

In his comprehensive address before the Executive Committee of the National Rivers and Harbors Congress and civic, commercial and manufacturing and financial organizations at St. Louis last May, Congressman Ransdell of Louisiana made this statement and fortified it by official statistics, remarkable as it is:

"The commerce of Pittsburgh last year was 103,000,000 tons, the largest in the country. Of this 50,000,000 tons were transported by water 1,000 miles, at a cost of eighty (80) cents per ton, and 135 miles by railway at a cost of ninety (90) cents per ton. Iron ore is brought up the Great Lakes 1,000 miles for eighty (80) cents per ton and to carry the 135 miles remaining by rail costs ninety (90) cents per ton. Coal is carried for thirty-five (35) cents per ton for the water route and costs ninety (90) cents per ton for the rail portion. Water transportation, under well-governed conditions, averages six times cheaper than rail."

A more complete epitome of the advantages of water transportation facilities, a more absolutely convincing object lesson could not have been given, and the merchant, the miner, the farmer, the manufacturer and the consumer in the Ohio Valley will not fail to appreciate it.

But, to bring about that most desired of all consummations—a permanently navigable Ohio from Pittsburgh to Cairo, all interests in the Ohio Valley must be ready to fortify the desire with facts. So persistent have been the efforts on behalf of the improvement of the Ohio by the Ohio Valley Improvement Association, on the part of the press of the valley cities and towns and on the part of the various interests dependent so largely on the Ohio as a means of transportation, that the Board of Engineers, United States Army, staunch friends of the great work, has made a request for statistics of the tonnage of the Ohio for the purpose of illustrating the enormous advantages certain to come from the improvement of the Ohio to the interests of the valley in the first instance and to the interests of the entire country ultimately.

The request is not only earnest and important, but is pregnant with the greatest results of good to each and every interest in the Ohio Valley from Pittsburgh to Cairo—producer as

well as consumer. There should be no hesitation on the part of any interests in complying with the request. Tonnage at Pittsburgh is more easily obtainable than from other cities and towns in the valley, and the case is similar at Louisville, where the steamers plying the Ohio make use of the Portland Canal, than it is at the majority of cities and towns. In them dependence must be placed largely upon the public spirit of the merchant and the manufacturer, the miner and the lumberman to whom the request is especially addressed.

We urge upon all interests promptly to comply with the request for statistics of tonnage in which they are interested or of which they have direct knowledge. On the tonnage of the river largely depends the appropriations for its improvement and the speed with which the work will be prosecuted. To that end we strongly urge upon the manufacturing, mining, industrial and commercial interests of our city and community a prompt and complete response to the request for statistics of their tonnage on the Ohio river.

The conditions which Franklin saw and appreciated with reference to carriage by land and carriage by water, and which Congressman Ransdell so graphically, yet comprehensively, described at St. Louis, ought not to prevail and will not prevail when the Ohio river comes to be improved to a nine-foot stage, with water transportation assured all the year round. To that end the figures of the tonnage of the Ohio will largely contribute. It is immaterial whether the amount of each individual shipper be large or small—it is the grand total that will be considered.

Mr. M. O. Winfrey of Middleboro has announced his candidacy for the Democratic nomination for Superintendent of Public Instruction.

PUBLIC LEADER

THE MAYSVILLE BAND.

There should be measures adopted by the above named organization which will keep it alive and ready to furnish music upon short notice. A well equipped band is a splendid advertiser for any city. Certainly with a population of 10,000 there should be no trouble in supporting an organization which would do credit to ours. There is no doubt about the ability of the musicians who compose the Maysville Band; they are first class. The only thing that is necessary, is constant practice and a liberal amount of encouragement from our citizens. Gentlemen of the band, what can be done to encourage you to keep up and have a well equipped band ready for service at any time?

A BASEBALL TEAM.

It was the pleasure of the writer of this item to be present Wednesday afternoon, June 20th, at the game of baseball played between the Maysville club and the Paris club. Maysville certainly has a number of fine players in this club and by practice they can become equal to the best players in any of the amateur teams. Baseball is a clean, healthful sport, and should be encouraged by our citizens. There is nothing that advertises a town better than a well-managed baseball team. The young men who are members of the Maysville Nine are polite and courteous in their behavior. They should be given encouragement sufficient to show them that they have the appreciation of the lovers of nice, clean sport and its attendant recreation. What do you say?

Personal

Mr. Roy Cochran, a student at Harvard College, is home for his vacation.

Miss Zita Buchanani of Lexington is the guest of her aunt, Mrs. James Dunn.

Miss Mary Neal has been the guest of her friend, Miss Haugaboo, for a few days.

Miss Hattie Brosheer has returned home from a visit with friends at Germantown.

Miss Florence Knight is visiting her sister, Mrs. W. H. Taulbee of East Second street.

Miss Marie Costello of Cincinnati is the guest of Miss Anna Mary Breen of East Second street.

Mr. J. D. Hancock spent Friday and Saturday with his sister, Mrs. C. P. Austin of Dayton.

Miss Nellie Dinzler has returned to her home in Augusta, after a pleasant visit to friends in this city.

Miss Edythe Cummings of Covington arrived Sunday to visit Miss Ma Mae Tollo of West Second street.

Miss Cora B. Ort is up from Cincinnati, on a visit to her parents, Mr. and Mrs. Henry Ort of West Third street.

Mr. W. B. Tarleton of Martinsville, Ind., has returned to his home, after a visit to his sister, Mrs. John M. Rafns.

Miss Frances Barbour will return tomorrow from Poughkeepsie, N. Y., where she has been studying the past year.

Mr. and Mrs. James Brown and little daughter, Margarette, spent Sunday with relatives and friends in Cincinnati.

Mr. Percy Lee of Versailles is spending a few days with home folks, and enjoying the pure ozone of his native heath.

Mrs. Emma McCabe returned last evening from Cincinnati, where she has been visiting her son, Mr. Thomas McCabe.

Miss Alma Humphries and niece, Margarette Brown, visited the family of Mr. and Mrs. Charles Hoover the past week.

Mrs. Clara Brown and little daughter, Edith, are visiting the family of Mr. and Mrs. Allen Bruer at St. Paul, Lewis county.

Mr. D. K. Wood, after a visit to his parents, Mr. and Mrs. David Wood of Forest avenue, has returned to his home in St. Louis.

Mr. Henry Lloyd will arrive from Lexington this week to spend his vacation with his parents, Mr. and Mrs. Evan Lloyd, near Germantown.

Mrs. Elizabeth Blackburn and daughter, Miss Margaret, of Lebanon, Ohio, who were here attending Home-Coming, returned home yesterday. Mrs. Blackburn is a daughter of the late Rice Bullock of the county.

Miss Margaret Downey is visiting the family of Mr. Pat Comer at Mason Heights.

Miss Burton Salles of Cincinnati left for home yesterday after a Home-Coming visit.

Mr. Peter Powell of Lexington left for his home yesterday, after a short visit with Judge Thomas R. Philster of West Second street.

Judge G. S. Wall left this morning for Winchester to attend the meeting of the Bar Association which convenes in that city tomorrow.

BABY COVERED WITH SORES

Would Scratch and Tear the Flesh Unless Hands Were Tied—Wasted to a Skeleton—Awful Suffering for Over a Year—Grew Worse Under Doctors—Skin Now Clear.

WOULD HAVE DIED BUT FOR CUTICURA.

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloth at night to keep him from scratching the sores and tearing the flesh."

"He got to be a mere skeleton, and was hardly able to walk. My Aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Soap to try and a little of the Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little."

"I sent to the drug store and got a cake of the Soap and a box of the Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since."

"He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores."

"I used only one cake of Soap and about three boxes of Ointment. (Signed) Mrs. Egbert Sheldon, R. F. D. No. 1, Woodville, Conn., April 22, 1903."

Insist Upon Getting It. Beware of Imitations.

IN STOCK AND FOR SALE BY W. B. Mathews & Co.

Authentic Critics

Pronounce them the aristocrats of the clothing world. We use them as a foundation for our business, a key-stone to our customers. The clothing that merits the above compliments is the famous E. S. & Co., (Extra-good), that fits, looks and wears so well, that matchless perfection make whose individual character wins its way. These two lines for children, boys and youths, and for men and young men that unequaled H., S. & M. Brand of bench-made, whose reputation is universal and whose style is the pinnacle of modern sartorial art.

They Are All In It! sssssss

This, the real REDUCTION SALE, where each article is guaranteed, where any purchase can be exchanged for the money. Come and see the best values ever offered in Maysville in High Class Clothing.
